Barrel & Winemaking Equipment Finance - Made Easy

The Benefits of Renting

- Payments are fixed in \$AUD for the term of the rental period and there are no penalties for early settlement.
- We do not require personal guarantees or security over personal or business assets.
- Renting or leasing equipment takes the strain off your cash flow. And it usually means a tax advantage and a healthy balance sheet.
- Every BFL rental is tailored specifically for you and the equipment your business needs. This means you get flexibility at every stage, so that each rental contract matches the 'useful life' of your equipment.
